

NUTSEA

NATIONAL UTILITY TRAINING & SAFETY EDUCATION ASSOCIATION

From the Chairman:

We are just settling in from our trip from the NUTSEA Board of Directors planning meeting in Indianapolis, Indiana. The Board took Wednesday, Thursday and Friday out of our busy schedules to attend the planning meeting for the 69th Annual Conference of our group. We put in long, grinding hours and a sandwich in between a couple of travel days. But I'm very pleased to tell you that when we came to the end, we came up with a great agenda for the conference.

And while I think you're going to like the agenda, I know you will love the meeting location! Indianapolis Indiana is a great city, wonderful people and plenty to do. I feel you and the family will love the different museums, shops and Centre Mall which are all close to the hotel. Great family fun, sports, culture and parks and recreation. Our hosts from the Indiana Statewide Association of Electric Coops and Hoosier Energy are working hard to make our conference rewarding and memorable. I want to take a minute and thank Gayvin and Connie for all the hard work. The Board worked very hard to keep our cost down. This means no increase in conference fees again this year.

I want to express my thanks to the 2011 NUTSEA Board for their hard work and accomplishments at the planning meeting. They are greatly involved and dedicated to making our organization effective for the membership. NUTSEA's goal is to provide us with a forum to exchange information, experience, and ideas so we might better serve our workforce. The program that our Board has put together should educate and motivate us as we go forth. Please save these dates **September 18-21, 2011** in Indianapolis, Indiana. I hope to see you there.

Regards,
Mike Bergeaux, NUTSEA Chairman
