

# 68th Annual NUTSEA Conference

CHARLESTON, SOUTH CAROLINA  
SEPTEMBER 26-29, 2010

68th

June 14, 2010

Dear NUTSEA member:

Greetings, from the great state of South Carolina! The Electric Cooperatives of South Carolina, Inc. would like to invite you to join us for the 68th annual NUTSEA conference. With help from the NUTSEA Board of Directors, we have developed a "top-notch" program that will provide you with important industry-related issues with expert speakers to deliver the presentations.

Electric cooperatives in South Carolina serve more than 1.3 million consumers - almost one-third of the state's population. With 20 independent co-ops that serve parts of all 46 counties, we take great pride in providing affordable, reliable, and environmentally responsible power for our members. South Carolina has much more to offer than just electricity. It has Charleston, South Carolina. Otherwise known as, "The Holy City". Charleston developed this nickname due to the prominence of churches on the low-rise cityscape, particularly the numerous steeples which dot the city's skyline. Aside from churches, Charleston offers beautiful beaches, historical tours, great golfing and fishing. We know you (and your spouse) will thoroughly enjoy this location for the conference.

The conference will be held September 26-29, 2010 at the Francis Marion Hotel in downtown Charleston, South Carolina. We strategically selected the hotel to be in close proximity (most in walking distance) to all attractions downtown has to offer. We hope you take a look at the enclosed agenda, activities, restaurants, etc. to see what all we have planned for the conference - it's going to be a good one!

Please fill out the enclosed registration form(s) and mail them in along with payment by August 20, 2010. More information is enclosed on where to mail your completed forms. Again, we look forward to you joining us for this meeting and please feel free to call me at 803-739-3056 with any questions.

Sincerely,

Scott Bryant  
Vice President of Loss Control & Training  
The Electric Cooperatives of South Carolina, Inc.
